PERMISSION TO PUBLISH STUDENT IMAGES AND WORK FOR SCHOOL PURPOSES

Dear Parent/Guardian

Your permission is sought for the school to publish video or photographic images of your child and/or samples of your child's school work to be used by the school and the Department of Education. The purpose of using the images or work will be activities such as promoting the school, school event and student achievements.

Children's images and/or their work are often published to recognise excellence or effort and may appear in newsletters, on the school's website, or on film/video. Their names may also be included but no contact details are provided.

The school will endeavour to limit identifying information that accompanies images of your child or your child's work, however there will be occasions when your child's name, class and school may be published along with images.

If you agree to this use of your child's image and school work, please complete the consent below. Once signed, the consent will remain effective until such time as you advise the school otherwise.

The Department's online services currently provide students with access to:

- the internet, with all reasonable care taken by central office and schools to monitor and control students' access to websites while at school.
- online teaching and learning services such as Connect, web-conferencing and digital resources.
- online file storage and sharing services; and
- these online services at locations other than school.

There are three areas that these services cover:

1. Online Services Account
2. Student Acceptable Use Agreement
3. Third Party Services

Logs of email transactions and internet access data are kept for administrative, legal and security purposes and may be monitored. Similar to other corporate records, emails and internet access records are discoverable in the event of legal action and are subject to provisions of the Freedom of Information Act 1992. (www.foi.wa.gov.au)

You should also be aware that general internet browsing not conducted via the Department's network is not monitored or filtered by the Department. The Department encourages close family supervision of all internet use by children in locations other than school, and strongly recommends the use of appropriate internet filtering software.
